## A Mystery Explained.

The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin Miles, says all such girls are more or less hysterical, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a fine book containing many marvelous cures, free at J. W. Gayle's, who also sells and guarantees Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

## McCain's Tobacco Bill.

We publish below the proposed law to regulate the sale of leaf tobacco, known as the McCain Tobacco bill, for the benefit of our farmer readers. It has passed the Senate and is now before a committee of the House:

AN ACT to regulate the sale of leaf tobacco in this Commonwealth.

Be it enacted by the General Assembly of the Commonwealth of Kentucky: §1. All persons receiving in this Commonwealth leaf tobacco for storage and sale at public auction, for which they charge commission or fees for their services are declared public warehousemen.

§2. That hereafter warehousemen storing and selling leaf tobacco in this State, shall carefully and correctly weigh, or cause to be weighed, every hogshead, box or bale of tobacco which may be sent to such warehousemen for storage and sale on the day same is to be sold. They shall mark, or cause to be marked, the gross weight distinctly on the head of each hogshead, box or bale, and on each sample card, and enter the same in sample book. After the tobacco is stripped, they shall take the exact tare weight of each cask in which the tobacco has been prized, and after each hogshead, box or bale of tobacco has been sold, the proprietor shall settle with the seller according to the net weight, including the sample, after deducting the exact tare.

§3. If any person or persons shall make a false or fraudulent weight of such tobacco, or shall purposely alter or mutilate any sample before the hogshead, box or bale it represents has been sold, or alter the weight marked thereon, or record other weights on the warehouse books than the weights marked thereon, such persons shall be deemed guilty of a misdemeanor, and fined in any sum of not less than twenty-five nor more than one hundred dollars, in the discretion of the court or jury trying the case, and, in addition, shall be liable to the party aggrieved in damages for any and all loss they may have sustained.

§4. That hereafter warehousemen and commission merchants engaged in selling leaf tobacco at public auction shall receive, as commission or compensation therefor, two dollars per hogshead from the owner thereof or his agent.

§5. That in the event the sale of any hogshead of tobacco is rejected, and a resale is made by the same warehousemen or in the same warehouse, no greater sum than one dollar and fifty cents per hogshead shall be charged as fees for compensation for such resale, and no additional charge shall be made for weighing nor device resorted to so as to increase the price for selling to a greater amount than in this act provided.

§6. That it shall be unlawful for any warehouseman or commission merchant to directly charge the seller or owner anything by way of commission or otherwise for paying to him the money for which his tobacco is sold.

§7. That it shall be unlawful for any warehouseman to hypothecate or pledge any tobacco shipped to or stored with him, or issue any warehouse receipts for any tobacco so shipped or stored, without the written consent of the owner of said tobacco; and if he does so, without the written consent of the owner, said pledge or receipt shall be null and void; Provided, That nothing herein contained shall prevent any warehouseman or commission merchant from hypothecating or pledging or issuing receipts to the extent of any advances they may have made to the owner of said tobacco on same.

§8. That claims for reclamation shall be made in ninety days after the sale, unless the tobacco is exported to foreign countries, then the reclamation must be made within six months after the sale, and if not done within said time the claim shall be barred by limitation.

§9. That if any person shall nest, side-prize, or fraudulently prize any leaf tobacco, such person so offending shall be deemed guilty of a misdemeanor, and, upon indictment and conviction in the Circuit Court of the county in which said offense is committed, shall be fined not less than twenty-five nor more than one hundred dollars, in the discretion of the court or jury trying the case; and every hogshead, bale or box so prized shall constitute a separate offense.

dred dollars, in the discretion of the court or jury trying the case; and every hogshead, bale or box so prized shall constitute a separate offense.

§10. That the proprietor of any warehouse shall, for any violation of the provisions of this act, be liable to the party aggrieved thereby in the sum of not less than twenty-five and not more than one hundred dollars; and on the trial the bills accounts, statements of sale rendered by said warehousemen shall be prima facie evidence of guilt.

§11. That any person guilty of nesting, side-prizing, or otherwise fraudulently pricing leaf tobacco, in addition to penalties denounced in the ninth section of this act, shall be liable to the party aggrieved in such damages as he may have sustained, to be recovered in any court having jurisdiction in the county where said tobacco is nested, side-prized or fraudulently prized.

§12. If the sale of any tobacco is rejected by either the buyer or seller, the party rejecting shall only be required to pay the fee for the hogsheads, bales or boxes rejected by him: Provided, however, That the buyer shall not be permitted to reject any hogshead, box or bale of tobacco, unless the seller shall first have rejected, and then only an equal number of boxes, bales or hogsheads as the seller may have rejected.

§13. That all acts or parts of acts in conflict herewith are hereby repealed.

§14. It appearing that there is a great deal of tobacco sold in this State by warehousemen, and that there is great complaint on the part of the sellers of said tobacco growing out of the abuses practiced by warehousemen in the sale thereof, and that the interest of a large class of the people of Kentucky is daily injuriously affected thereby, it is deemed proper that this act shall take effect and become a law when approved by the Governor.

## A Wise Young Woman.

Young Adolphus Fitzwilliam, he loved a fair maid,  
But to ask her to marry him he was afraid.

Because of catarrh, which she had very bad;

So much so that often the youth was quite glad

To omit, at the parting, the kiss of the lover.

The reason of this she set out to discover.

"Catarrh makes me loathsome. It's fatal to love.

O, darling Adolphus, by all that's above,

I vow I'll not lose thee if something there is

To drive out catarrh and to sweeten a kiss."

So this wise young woman began searching for a cure, and good luck attended her. She found Dr. Sage's Catarrh Remedy, at the drug store, and felt convinced a preparation which the proprietors had such confidence in that they were willing to offer to pay \$500 for a case they cannot cure, must be worth trying. She bought it. She tried it. It cured her. And when Adolphus kissed her at the altar last week, her kiss was as sweet and pure as roses in June.

Girls, a word of advice: if you want a lover to stay a lover, you must get rid of catarrh. Do as this sensible girl did, and get the only sure remedy for this disgusting and dangerous disease—Dr. Sage's Catarrh Remedy.

Too Late.

This word tells a sad story. How many people who have neglected their eyes for the want of proper glasses, have by degrees gone blind. But we rarely take heed until it is too late. Then we are sorry to know we let this opportunity, and only salvation for our eyes, slip. Dr. Goldstein, the Louisville Optician, who has been in our city for the past three weeks aiding the afflicted, can be consulted at the Hotel Kenyon. He will remain here until March 26th.
